**FOR IMMEDIATE RELEASE**

## AUTOMATIC TRAVEL FOR STRIEBIG COMPACT VERTICAL PANEL SAWS

**Kingston, MA – October 24, 2008** -- Colonial Saw publishes an informational flyer for its New STRIEBIG Compact Automatic vertical panel saws. The flyer includes full-color photos and technical specifications for the STRIEBIG Compact Auto and Compact Plus Auto. These new machines feature automatic travel with 4 speeds for the cut and return cycles in both vertical and horizontal directions, automatic locking rollers and a cut cycle selector switch for added convenience. STRIEBIG Compact Automatic vertical panel saws deliver even greater efficiency, operator ease and saw blade life---without giving up valuable floor space! **Order Information: 1-888-777-2729 or visit [www.csaw.com](http://www.csaw.com)**

**Colonial Saw, Inc.** is North America's distributor of Swiss made STRIEBIG Vertical Panel Saws, America's importer of LAMELLO specialty tools, biscuits and biscuit joiners, and a distributor of world's finest grinding machinery. For over half a century, the company has delivered uncompromising performance and value, along with one of the most comprehensive and responsive after-sale customer support programs in the industry.
