**LAMELLO'S NEW VARIO BOX 440**  
**A Large Selection of Popular Swiss Made Joining Elements**

**KINGSTON, MA, November, 2008** —Colonial Saw is proud to announce the new Vario Box 440 from Lamello—a popular selection of 440 Swiss made Lamello joining elements packed in 7 blisters for easy storage and quick access. The Vario Box 440 includes three different sizes of Lamello's original fine quality Beachwood Biscuits (80 pieces of size 0, 80 pieces of size 10, and 160 pieces of size 20). The pack comes with 40 pieces of the popular self-clamping biscuit Fixo, in both L and H sizes, for fast, easy and economical connections. Four pairs of the new knockdown biscuit-shaped Clamex—for aesthetic constructions and demountable connections—offers users an opportunity to try out this latest technology from Lamello. Also found are C20 Corian biscuits (20 pieces), and 6 pairs of Simplex interlocking plates used to fix radiator concealments, ceiling elements, furniture parts, shelves and more. The Vario Box 440 includes a Lamello applications DVD, which makes it an ideal starter kit for those new to biscuit joinery or for those who have not yet experienced the fine quality and versatility of genuine Swiss made Lamello products.

Colonial Saw, Inc. is America's distributor of LAMELLO specialty tools, biscuits and biscuit joiners, a North America importer of Swiss made STRIEBIG Vertical Panel Saws, and a distributor of the world's finest grinding machinery. For over half a century, the company has delivered uncompromising performance and value, along with one of the most comprehensive and responsive after-sale customer support programs in the industry.
