

# Closet Solutions with Lamello

## L-Shelves with Clamex P-14

Consistency in product quality:  
Zero edge-banding material  
on separate components

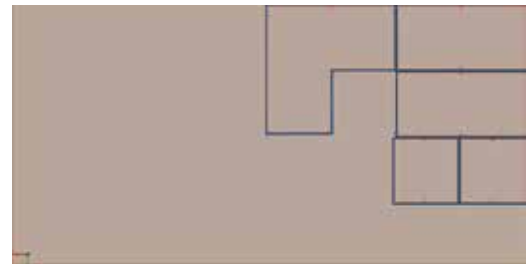

Visible glue line

No glue line & soft edge

Labor Savings: Eliminates edge-banding and trimming by hand

Material savings: 50% better yield than  
cutting complete L-shelves

## Crown Moulding with P-System

Easy machining with Zeta P2

Secure, invisible glue-clamped connection on-site

## Garage Cabinets with Cabineo

- Up to 264 lbs of shear strength and 198 lbs of tensile strength
- One piece connector, pre-installed, delivered flat-packed to site
- Very easy integration and CNC machining – no special tooling required
